SCHOOL REPORT.

GENERAL REMARKS.

The schools in Danville have been in charge of the following teachers. All have tried hard to render good service :

Eaton High, Miss Elizabeth Hyde, teacher. This school has kept up to a high standard and has a good standing with our state department.

In the grammar school Miss Marion Moulton resigned at the end of the spring term. Her place was filled by Miss E. M. Colburn, who has tried to do good work under rather trying conditions. This is a hard school in which to maintain discipline, and we ask the parents of children in this school to co-operate with the teacher in preserving order.

In the primary school, under the management of Miss Helen Driscoll, we have had very good results. We are much pleased with this school and hope to be able to continue this condition for another year.

The North Danville school, taught by Miss Blanche M. Williams, who resigned, and the last term taught by Miss Ruth A. Towle, has proven very satisfactory.

The board believes that by keeping teachers who have given satisfaction, even at a small increase in salary, that we have secured better results. At the request of the school board, all of the schools have introduced bird studies, which have proven of great interest to the pupils, and we believe it very beneficial for our young people to become interested in bird life and nature studies. We ask the co-operation of parents and friends of the birds for their protection, and are sure it will be a source of enjoyment to the children all through life.

We wish to recommend an appropriation for painting the inside of the primary school house, also for repairing the vaults in the North Danville school and the primary school.

The unusual cold weather the past winter has rendered it necessary to close the schools in the Eaton school house for two or three days, but we find that the same conditions pertain to the hot-air method of heating in other places.

Respectfully submitted,

MELBURN J. DIMOND,

FLORA M. TUCK,

CHAS. H. JOHNSON,

School Board.
